

Migraine Study

near Gwinnett Mall

Dr. Marion Maloof, recently voted Gwinnett's best chiropractor, is participating in a nationwide pilot study to show the effectiveness of a revolutionary new treatment for migraine sufferers.

The R.W. Sweat Foundation has asked Dr. Maloof to participate in this study and is seeking one thousand migraine cases nationwide.

Dr. Maloof is accepting twenty five more cases for his part in the study to demonstrate the effectiveness of a new and precise soundwave adjustment in the treatment of migraine headaches. The procedure is painless and without manipulation.

Patients will receive a special half price start up package, which includes exam, x-rays and first adjustment for \$175.00. You will be participating in a study that is likely become the standard of care for migraine headaches worldwide.

To participate in this study call (770) 923-1111
